Election/Restrictions

This application is in condition for allowance except for the presence of claims 1-11 to an invention non-elected with traverse in the reply filed on 10/18/04. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

Allowable Subject Matter

Claims 12-20 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or fairly suggest:

A method implemented by a plurality of nodes wherein each node assigns a different network address to the other nodes, wherein each node periodically broadcasts a unique identifier for the node to other nodes of the plurality of nodes, wherein each node has a different unique identifier;

receiving unique identifiers for the other nodes; and

in an address table comprising a plurality of records, each record corresponding to one of the nodes in the plurality of nodes and including a unique identifier for the node and a network address for the node:

if a record containing the unique identifier does not exist, creating a new record and inserting the received unique identifier into the record; and

if a record containing the unique identifier does exist, updating the record, and

Art Unit: 2182

reassigning the network addresses in the records based on the unique identifiers in the records, wherein each node of the plurality of nodes determines which network address to assign to each record in a common predetermined manner.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
